## **5 Reasons Why You Should Join Our Tuition Programmes**

### **1. Free additional benefits**

Joining our tuition entitles you to our FREE Educational Programmes and benefits (E-guides and E-learning videos) that students should make full use of. These benefits are available to all current students and seeks to raise individual productivity as well as the academic acumen. Our tutors recommend students to complement these benefits with their revision and spur their learning to their advantage.

### **2. Post-lesson consultation**

Our tuition embraces an open education platform where tutors and students can hold academic discussions freely after classes. Students may approach our tutors for any academic consultation and seek clarification when they have underlying misunderstandings of certain concepts. We believe strongly in post-lesson consultation as students can clear any doubts that they may have while their minds are still fresh from the prior lessons, which help reinforce new concepts learnt.

### **3. Cultivate learning character**

More than a mere tuition centre, the tutors of SGEducators go beyond the teaching curriculum and aim to nurture our students' learning character and disposition. We cultivate students to be inquisitive individuals and learn more dynamically than the typical rote learning approach. Hence, our students comprehend the limitations of many school approach and are able to propel their education further than their peers.

### **4. FREE Skills Development Workshops**

With recent examination and changing syllabus trends, it is clear that skills such as writing skills, short answers skills and data interpretation skills etc. are becoming more prominent. Given the new circumstances, our tutors have given more limelight to the skills development area, in which students will refine varying distinctions of answering techniques and approach upcoming examinations with keen familiarity.

### **5. Free Enrichment Workshops**

By signing up for our regular tuition programmes, students are granted access to our extensive learning resources, particularly the **free enrichment programmes throughout the whole year**. These enrichment programmes are conducted during the school holidays, covering topics like study skills and holistic development. These resources are culminated by our own tutors over their years of teaching from countless of sources and are written with an exam-centric approach. Students will find much usefulness out of these resources as they are enriched with smart teaching materials that directly deals with examination questions.

## **Free Soft Skills Development Workshops**

These soft skills development workshops will enrich the learning experience of your child. In addition to the academic development, seen in terms of the regular tuition, we believe that well-rounded education involves the cultivation of soft skills, like **resilient thinking, time management and financial management**.

### **(a) Aims**

These workshops seek to achieve the following objectives:

- Acquire basic public speaking skills for effective communication
- Cultivate time management skills for organised personal scheduling
- Develop awareness and know how to conduct money management
- Recognise the dangers of fake news and how to identify them

### **(b) How It Benefits Your Child**

Our Soft Skills Development Workshops will provide a meaningful and memorable experience for your child in the following ways:

- We raise your child's confidence level to communicate fluently in English
- We teach your child to organise personal time for revision and recreation
- We guide your child to understand the basics of money management
- We show your child how to spot fake news and avoid being misled

### **(c) Our Featured Programmes**

Our workshops are held on the **1st and 3rd weeks of the month**, commencing from March 2018 onwards.

## **Free Enrichment Programmes**

During the school holidays, we organise free enrichment programmes to enhance the educational development of your child. These programmes will complement the academic classes by nurturing your child to **think inquisitively, listen intently, speak expressively and write confidently**.

### **(a) Aims**

These enrichment programmes will strive to fulfil the following objectives:

- Cultivate creative thinking skills to express ideas fluently and engage readers in the English Language
- Acquire problem solving skills to analyse Math problems meticulously and derive appropriate strategies to answer the questions accurately
- Develop basic literacy skills to read and write in the English Language prolifically
- Cultivate exam-smart study habits to prepare and organise revision materials
- Nurture appropriate revision methods for productive exam preparation

### **(b) How It Benefits Your Child**

Our Enrichment Programmes will create a conducive and productive learning environment for your child to refine specific skills effectively in the following ways:

- We impart your child with writing skills for creative expression in English
- We nurture your child to approach and answer Math problems carefully
- We equip your child with Composition and Comprehension writing skills
- We teach your child to take notes and organise learning materials well
- We guide your child to form and execute exam revision plans effectively
